

# Mentoring for Success in Teaching

*A fellowship program for new CNS faculty*

**We are on a mission** to engage new faculty in CNS' 21st Century Education Initiative and make the transition to teaching at UT smooth and successful. Program activities will feature department and discipline specific teaching elements, general teaching tips and best practices, as well as introductions to university resources for teaching.

## **What will Mentoring for Success in Teaching Fellows do?**

- Participate in monthly meetings through a year-long cohort mentoring program with other new faculty.
- Learn about teaching in CNS from faculty mentors with outstanding teaching records.
- Learn how to tap into campus resources to improve your teaching experience.
- Explore new ideas and practices to support student success with support from TIDES.

## Benefits of Participating in **Mentoring for Success in Teaching**

### **Access teaching support**

Built in support for teaching right from the start.

### **Discover new teaching tools**

Equip your toolbox with teaching tips & practices to help you best support your students.

### **Connect with a community**

Create peer connections and mentoring relationships alongside a group of passionate instructors.

### **Grow your teaching portfolio**

Streamline and strengthen the teaching aspect of the promotion process.
